

AtlasOps Average Deck

AtlasOps Average Pitch Deck

Sector: B2B SaaS / AI automation. Stage: pre-seed. Geography: UK.

Problem: Operations teams use too many tools and need better automation.

Solution: AtlasOps automates common work using AI and integrations.

Traction: GBP 18k MRR and 22 customers, but cohort retention and sales cycle details are not shown.

Business model: SaaS subscriptions. Pricing is still being tested.

Team: Technical and commercial founders; limited detail on prior exits or domain achievements.

Financials: Raising GBP 750,000. Burn, runway, and use-of-funds are only partly explained.

Market: Large operations software market, but TAM/SAM/SOM is not quantified.
